

## Presidents Report

March 28<sup>th</sup>, 2019

Dear Shareholders, Members and friends,

Our 53<sup>rd</sup> season of golf in Clare is upon us, with it come memories of days gone by and visions of a prosperous 2019 season.

The winter months brought many of us together as we mourned the passing of past members, community leaders, loved ones and friends. As we move forward we will remember them fondly and support those they left behind.

Last season was not without hurdles and unforeseen challenges. Many were overcome, some halted progress and others simply failed, but regardless we must all learn from them and persevere with the prosperity of the Club as our goal.

The Friendly Club has hosted many events over the offseason. Successfully promoting and growing our Chase The Ace lottery has brought in much needed funds. The addition of other events has given the Club further exposure. For example, events such as a hockey fundraiser, a Super Bowl party, a St. Patrick's party and a Dinner Theatre have helped welcome back old friends and introduced many to what Clare Golf & Country Club has to offer.

Fundraising aside our priority remains the grounds that provide people the opportunity to enjoy the game we love. We give thanks to our founders and to those that have worked hard to maintain our beautiful course.

Volunteers, sponsors and staff are the lifeblood of our Club. I thank them all and hope they see how vital they are to maintaining the environment provided. The future will be bright if we all remain involved.

Yours truly,

Claude Comeau  
President
